**The Easy Garden Raiser**

The Easy Garden Raiser is made in two sizes. These answer almost every possible home or market garden need. The small size will go between very narrow rows, and two trips with the large size will clean up the widest rows. Flower gardens use both sizes also.

The "Standard" Easy Garden Raiser. The lower knife is 8½ inches wide, so the machine will weed and mulch a strip that width. Comes complete with cutter bar, three cultivator shovels and two wire weed guards. Price-----\$9.25

The "Perfect" Easy Garden Raiser. This is larger, the cutter bar being 10½ inches wide and the reel correspondingly larger. Pushes very little harder and of course covers more ground. Complete with cutter bar, three shovels, and two weed guards. Price-----\$10.00

Any Easy Garden Raiser will be sent, express prepaid, upon receipt of the price.
